PROFESSIONAL EXPERIENCE

09/2016 – present	**StudioNow/Octerra,** *Senior Software Engineer* Continuous Development on an Angular/AngularJS hybrid application powered by a Python based backend (flask). Software is a Video Project Management & Bidding platform used by top brands & creative agencies w/ 300% year over year user growth. While working here we transitioned from an all AngularJS frontend to a hybrid of Angular & AngularJS making steady iterative progress to a full Angular frontend. Octerra spun out of StudioNow in late 2019. As a Senior Engineer, my responsibilities include developing new features for clients, establishing best practices, solving architectural level problems, and mentoring junior members.	Nashville, TN, USA
09/2014 – 09/2016	**Video Ideas,** *Developer & IT Lead* Build and maintain Web Apps, Websites, and services. Lead research and development on mobile applications, and develop apps for iOS and Android platforms. Duties also include supporting and maintaining IT infrastructure in office, including web servers, storage servers, and internal office network.	Chattanooga, TN, USA
